**what is
masq
wall?**

01.

868 ubeda 65 × 37,5 cm + XL 90 × 260 cm

100%
waterproof
wall panels,
— without worries!

Wanting a fresh look for your project? It is possible to install Masq tiles and XL boards without removing existing tiles or wall finish. Achieve the potential of every room with exceptional finesse and high level finish.

waterproof wall panels

can even be installed in the shower,

Due to the unique combination of PVC, with a high-quality top coat and tongue and groove, Masq wall panels are 100 % waterproof and water resistant when correctly installed in accordance with the installation instructions.

Masq wall panels resist wet environments, are low maintenance and retain their look and feel in the long term.

B91 kamina XL 90 × 260 cm

robust, strong, durable,

Masq wall panels are only 5 mm thick and just as strong as ceramic tiles. They can also be installed over existing wall cladding and are ideal for both new builds and refurbishments.

Building a sustainable future

Our unique RCB technology enables us to achieve 100% circularity by recycling all PVC waste into new materials for our wall panels. **Zero waste production** showcases our commitment to the environment. We're proud to use **sustainable energy**, with 5,600 sqm of solar panels powering our operations.

**10-year
guarantee**

RCB® patented Rigid Core Board Technology

Thanks to our patented RCB technology, where the coex-stability layer is co-extruded with the premium PVC onto the base plate, our tiles & panels retain their shape after installation and we can guarantee top-of-the-range quality. This results in an exceptionally strong fixation of the multicoloured film and the base plate, even after years of contact with water. There will also be no deformations occurring during temperature fluctuations.

RCB base plate

masq wall ^{PREMIUM} lifelike thanks to digital print.

The realistic decors of the Masq wall PREMIUM collection are obtained by using a unique digital printing technology. Within one color variant, there are tiles with different decorative variations for an even more realistic effect. High-resolution lifelike textures are applied to the wall panels. This way, Masq wall brings natural warmth indoors, allowing you to peacefully enjoy a beautiful interior.

3 sizes, unique look & feel,

The Masq wall collection consists of three sizes: tiles, XL and XXL panels. The tiles, XL and XXL panels can be easily combined. Choose the size that fits in with your concept or mix the different sizes for a look that will captivate.

01, tiles,

65 × 37,5 × 0,5 cm

The tiles of 65x37.5 cm are very easy to transport (8 tiles per package - 1.95 m²) and easy to handle when installing. Furthermore, the installation is child's play thanks to the 4-sided tongue-and-groove system. The joint gives an elegant V-groove finish that mimics a perfect grout line between the tiles.

**because size
matters**

B98 trento 65 × 37,5 cm

The tiles, XL and
XXL, can be easily
combined thanks
to the tongue-and-
groove system.

3 sizes, unique look & feel

02, XL panels,

90 × 260 × 0,5 cm

The 90x260 cm extra large panels with **seamless tongue-and-groove system** (2 panels per package - 4,68 m²) allow you to upgrade with ease, using a few panels for a full wall. These panels also connect with a tongue-and-groove system on the left and right side and have a seamless joint.

seamless connection

A93 ampara XL 90 × 260 cm

03, XXL panels,

120 × 260 × 0,5 cm

For those who like it even bigger, we have developed 120x260 cm extra extra large panels with **seamless tongue-and-groove system** (1 panel per package - 3.12 m²). Even fewer panels needed for a big effect.

B29 tanami gloss XXL 120 × 260 cm

NIEUW!
unique
high-gloss
finishing

masq wall^{GLOSS} **high-gloss** **finish adds** **an extra** **dimension,**

Our advanced high-gloss surface offers an unparalleled reflection of light, bringing colours to life and showcasing the texture of the decor in an impressive way. Every detail is enhanced, giving your space a luxurious and glamorous appearance.

**masq wall,
why?**

02.

916 seattle 65 × 37,5 cm

**fast
installation,
easy to
maintain,**

— nothing but
advantages!

The panels are UV and water-resistant thanks to their unique PVC composition and are extremely easy to install, lasting a lifetime.

If after a period of time you wish to create a different interior, the panels can be fully recycled. A sustainable choice on every level.

suitable for renovation & new builds,

Masq wall is a waterproof tongue and groove wall cladding that is suited for both new builds and renovations. No hassle with cement adhesives or grinders. The Masq tiles can be pasted on to the existing tile wall or affixed using hidden nails or staples.
